

**FROM AUSTRALIA TO THE WORLD**

**Spark Project Logistics Services**

# Definition of Project Logistics

- *All Break Bulk shipments*
- *All Ro/Ro shipments*
- *Special equipment shipments ( Open Top / Flat Rack / OOG) requiring specialised handling*
- *Project related part or full vessel charters (sea and air)*
- *Main deck airfreight requiring specialised handling*
- *General cargos ( GP / HQ / LCL ) from Project Client*

Spark Global Logistics can offer flexible service options for Oceanfreight transportation. Our Ocean services encompass capabilities for handling:

### FCL (Full-Container Load)

- Working with best in class ocean carriers with most cost efficient offers for respective routes

### LCL (Less-than-Container Load)

- Covering all destinations worldwide

### Ocean Charter & Project Solutions

- Tailor-made services provided by a dedicated team in Australia and Belgium
- Break-bulk: from regular (semi) liner service to a part charter or even an entire vessel to match your needs

### Freight Management Services (FMS)

A complete set of services including:

- Booking Process
- Milestone Tracking
- Custom Clearance
- Security Filings
- Insurance
- Dangerous Goods Handling

Air
